Passport

hereby state that:

1. Information submitted to Trans Sped's Certificate Authority (CA) during the registration phase is accurate and complete.
2. Trans Sped's CA shall be entitled to keep a record of my personal information used in the registration phase.
3. I will only generate, store and use the key pair provided by Trans Sped CA for electronic signatures with secure signature creation devices approved by Trans Sped's CA.
4. I will keep secret the personal identification number (PIN) protecting the secure signature creation device and avoid unauthorized use of the private key.
5. I agree a qualified Certificate to be issued on my name by Trans Sped's CA, and the qualified Certificate to be published in Trans Sped's repository thus becoming available for public retrieval.
6. I will notify Trans Sped's CA without any reasonable delay, if any of the following occur up to the end of the validity period indicated in the certificate:
 - a. the private key has been lost, stolen, potentially compromised; or
 - b. control over the private key has been lost due to compromise of activation data (e.g. PIN code) or other reasons; and/or
 - c. data represented in the certificate has changed (e.g. name, position or affiliation change).
7. I will immediately and permanently discontinue using the private key if it was compromised.
8. I am aware of the Certificate Policy, Certification Practice Statement and General Terms and Conditions established by Trans Sped, as supplier of qualified Certificates.
9. I am aware that Trans Sped is the Data Controller for the personal data collected, processed and stored for the issuance of the qualified digital Certificate.
10. I agree that my personal data will be stored by Trans Sped for 10 years and 6 months after the expiration of the certificate's validity, as requested by eIDAS Regulation (EU 910/2014) and corresponding standards, and may only be used as evidence in legal proceedings should the need arise.
11. I am aware that "the right to be forgotten" does not apply in the case of qualified digital Certificates.
